

Tim McGee
Founder of AFISCO Industrial
1948 - 2024

He was a dedicated husband, father, grandfather, brother and a friend to all who knew him. We lost Tim to cancer, but our Lord and Savior gained a top businessman to tout His wares.

Tim started Arlington Fastener and Industrial Supply out of a closet space in 1977—the name was shortened to AFISCO Industrial because it was easier to say when we answered the phones. His family and company continued their growth until Tim semi-retired in 2018 to be able to spend more time with his wife, Rekha, and their children and grandchildren.

His legacy will live on as Anand and Evan continue to march to the mantra that Tim gave all of us—
“give the customer more than they expect-every single time.”

It’s only fitting the Bible verse that best fits him comes from Timothy 4:7-8...”I have fought the good fight, I have finished the race, I have kept the faith.”

Tim will be missed but he will never be forgotten.
